1-Rupee Auction

Rajgor's
Internet Auction

What is 1-Rupee Auction?

1-Rupee Auction is a Collector-friendly Auction, introduced by the Rajgor's for the first time in India. This is a novelty wherein a Collector has a high chance of winning their missing lots of coins and notes for as low as 1 Rupee only !!!

All the lots in this Auction start at the **Base Price of 1 Rupee only**. Whether a given lot is of gold, silver or any other metal, the base price remains the same. And moreover, there are **"No Conditions Apply"** !! So if there are no other bidders on a given lot, the collector has a full chance of buying a gold coin worth Rs. 50,000 for as low as 1 Rupee.

This is another proof that the Rajgor's Auctions care for the collectors and provide quality coins and notes at Cheaper Prices than any other auctioneers in India.

Cheers to Collectors' World and Happy Collecting ...

Closing of Internet Auction & Real-Time Bidding

Dear Patron,

An Internet Auction closes at a Pre-determined time, making all the Online Bidding stop at that point of time. However, if you are outbid in last few seconds on your coveted lots, than it is not possible to make a fresh Higher Bid and win that lot. Moreover, if you are bidding on more than one lots than it becomes very difficult to bid on those lots in last few minutes.

To overcome these problems, the Rajgor's have introduced a new system of Internet Bidding called Real-Time Bidding.

Real-Time Bidding

The Real-Time Bidding is quite like a Physical or Floor Auction Bidding. Lots in the above given categories will close according to the Bid-Closing Schedule as given above.

However, if there is Bid recorded within a span of 2 Minutes prior to the lot's scheduled closing time (say 3:00 pm), the Count-down Clock for that lot will be reset to 2 Minutes more and the closing time of that particular lot will be extended accordingly (3:02 pm).

Moreover, the said lot will be further extended for another 2 minutes if there is a Bid recorded within a span of 2 Minutes prior to the lot's new extended closing time (3:02 pm), making the extended time on that lot till 3:04 and not 3:02 pm. As a consequence, the bidding on that lot will be like the Real-Time Bidding as seen during the physical auction. Finally, Bidding on any lot will only end if there is no bid recorded for a span of 2 minutes.

This is how you can bid and win lots of your choice even if you are Out Bid at the last few seconds by a Proxy Bid or Secrete Bid of some other Bidder.

This new system of Internet Bidding gives you a chance of not losing your lots just by a few hundred rupees and become a proud owner of your items.

So Happy Bidding and enjoy your collection.
